Subject: Re: Dimock Validation Report

There are multiple files located in the T4-Validated directory. Before I upload any files I will need confirmation that these are the final reports to be sent out.

Also, will there be any EDDs submitted for the T4 results? The user needs to enter the information into Scribe so an EDD is preferred.

Curious, for the TestAmerica data ESAT validated from the "historical set" did they note anything about a lack of confirmation in the validation report?
